COMPENSATION REPORT

HUGO BOSS considers transparent and comprehensible reporting on the compensation of the Managing Board and the Supervisory Board as an important element of good corporate governance. The following compensation report pursuant to Sec. 162 AktG ("Aktiengesetz": German Stock Corporation Act) outlines and explains the compensation of the current and former members of the Managing Board and of the Supervisory Board of HUGO BOSS AG in fiscal year 2022. In order to facilitate the context of the disclosures and to enhance understanding, the main features of the compensation systems for the Managing Board and the Supervisory Board applicable in fiscal year 2022 are also outlined. In addition, a detailed description of the compensation systems for the Managing Board and the Supervisory Board can be found at compensation.hugoboss.com.

Review of compensation in fiscal year 2022

Resolution on the approval of the compensation report for fiscal year 2021

The report in accordance with Sec. 162 AktG on the compensation awarded or due to present and former members of the Managing Board and Supervisory Board of HUGO BOSS AG in fiscal year 2021, which was prepared in accordance with the requirements of Sec. 162 AktG, was approved by the Annual Shareholders’ Meeting on May 24, 2022 with a majority of 74.74% of the capital represented in accordance with Sec. 120a (4) AktG. The Managing Board and Supervisory Board see this vote as a confirmation of the format used for the compensation report 2021 for the first time. Therefore this format has been retained in its basic features in the present compensation report 2022. In addition, further improvements, such as in the disclosure of the so-called CEO Investment Opportunity, were implemented. The latter continues to be considered as a compensation by a third party, thus explicitly not being part of the compensation system in accordance with Sec. 87a AktG.

Application of the compensation system for the Managing Board in fiscal year 2022

The current compensation system for the Managing Board, for which the main features are presented later in this report, was approved at the Annual Shareholders’ Meeting on May 11, 2021 with a majority of 93.83% of the capital represented, and applies to all new appointments and agreement extensions. In addition,
individual compensation was granted to the members of the Managing Board within the meaning of Sec. 162 AktG in fiscal year 2022, which had been agreed in previous fiscal years under the compensation system applicable at the time. This compensation is also presented and explained below, where relevant.

The Personnel Committee regularly reviews the appropriateness and customarily nature of the compensation of the Managing Board members and, if necessary, proposes adjustments to the Supervisory Board in order to ensure that compensation for the members of the Managing Board is customary for the market and competitive within the applicable framework. The suitability was last reviewed in March 2022. In this context, the compensation of the members of the Managing Board was compared with the companies of the DAX and MDAX as well as relevant competitors, taking into account the size criteria of revenues, employees, and market capitalization (horizontal comparison). The review led to the conclusion that the compensation of the members of the HUGO BOSS Managing Board continues to be considered in line with market practices. In addition, the appropriateness of the Managing Board compensation within the Group is reviewed annually based on the development of the Managing Board compensation compared to the development of the senior management compensation, defined as the first management level below the Managing Board, and to the development of the compensation of the employees as a whole, defined as the average compensation of the Group’s full-time employees (vertical comparison).

In accordance with the applicable compensation system, the Supervisory Board has set specific target compensation for each member of the Managing Board. The target compensation set for the members of the Managing Board was not adjusted in fiscal year 2022, nor are adjustments planned for fiscal year 2023, apart from any possible adjustments in the context of individual agreement extensions.

In fiscal year 2022, there were two personnel changes on the Managing Board of HUGO BOSS AG. Effective February 28, 2022, Chief Brand Officer (CBO) Ingo Wilts left the Managing Board for personal reasons. The duties that fell under the responsibility of Ingo Wilts were assumed by Chief Executive Officer (CEO) Daniel Grieder. Effective May 31, 2022, Chief Operating Officer (COO) Dr. Heiko Schäfer left the Managing Board to pursue a new professional assignment outside the Group. All functional areas, reporting to Dr. Heiko Schäfer were divided among the remaining Managing Board members, with Chief Financial Officer (CFO) Yves Müller additionally assuming the role of COO.

The “CLAIM 5” growth strategy, presented on August 4, 2021, aims at significantly accelerating top- and bottom-line growth until 2025. In this context, the design of the compensation system provides important incentives for the successful execution of the Group strategy. In particular, the compensation of the Managing Board is closely linked to "CLAIM 5," as the performance-related compensation components (STI and LTI) are, among others, based on the development of financial performance criteria such as sales, operating profit (EBIT), and relative total shareholder return (RTSR). The inclusion of two non-financial performance criteria also emphasizes the Company’s social and environmental responsibility as well as the objective of a sustainable, long-term successful business performance, which is also firmly anchored in "CLAIM 5."

In the case of the short-term incentive (STI), the strong sales and EBIT development in fiscal year 2022, primarily reflecting the successful execution of the "CLAIM 5" strategy, resulted in a financial outperformance of criteria targets set for fiscal year 2022 at the beginning of the reporting year. The average level of target achievement for the STI 2022 amounted to 150%. The payment due for fiscal year 2022 from the long-term incentive (LTI) tranche issued in fiscal year 2019 amounts to 81% of the target value (payment in fiscal year 2023).
In the past fiscal year, the Supervisory Board did not make use of the options provided by the compensation system in accordance with legal provisions to temporarily deviate from the compensation system or to make adjustments to the target achievement in certain circumstances.

This compensation report is prepared jointly by the Managing Board and the Supervisory Board. The compensation report is audited by the external auditor as part of the formal audit required by law pursuant to Sec. 162 (3) AktG. The corresponding report on the audit of the compensation report is attached to this compensation report.  

Application of the compensation system for the Supervisory Board in fiscal year 2022

The compensation system for the Supervisory Board, which is unchanged from the prior year, was applied in full as set out in Art. 12 of the Company’s Articles of Association.

Compensation of the members of the Managing Board in fiscal year 2022

Overview of the structure of the compensation system for the Managing Board

The compensation system complies with the requirements of the German Stock Corporation Act, in particular the requirements of the Act Implementing the Shareholder Rights Directive II (SRD II), and is based on the recommendations of the GCGC as amended on December 16, 2019. It furthermore complies with the recommendations stipulated in the updated GCGC as amended on April 28, 2022. The compensation system of the Managing Board is an important element of the Group’s orientation and is intended to significantly contribute to driving operational performance and the successful execution of the Group strategy, and thus to the long-term success of HUGO BOSS. It is intended to support successful and sustainable business activities. The compensation of the members of the Managing Board is therefore linked to the short- and long-term development of the Company. By selecting suitable performance criteria, important incentives are simultaneously set for the successful execution of the “CLAIM 5” strategy.

This means that the compensation of the members of the Managing Board is made up of non-performance-related and performance-related components. The target total compensation of the Managing Board consists of fixed compensation, fringe benefits, pension commitments, the target amount of the short-term incentive (STI), and the target amount of the long-term incentive (LTI), and thus mainly comprises performance-related compensation elements. The aim is to strengthen the performance aspect of the compensation system. The proportion of the target amount of the LTI, which has a total term of four years, in the total target compensation exceeds that of the STI (ratio of around 60:40). This is intended to ensure that the compensation structure as a whole is geared toward a sustainable and long-term successful business development.
Malus and clawback regulations are provided for the variable compensation components. The total annual compensation of the members of the Managing Board is also limited to a maximum compensation. In addition, the Share Ownership Guidelines form another essential element of the compensation system. The compensation system also regulates further compensation-related legal matters, such as agreement terms and commitments upon termination of Managing Board activities.

The following table shows the basic components of the compensation system for the Managing Board and their structure. The components and their specific application in fiscal year 2022 are explained in detail below.

- **Base salary**

- **Contribution to pension commitments**
- **Short-term variable compensation (STI)**
- **Long-term variable compensation (LTI)**

**Non-performance-related (fixed) compensation components**

The fixed compensation components consist of the fixed basic compensation, fringe benefits, and contributions to retirement benefits.

The fixed basic compensation is paid as a monthly salary. It takes into account the role assigned to the member of the Managing Board and the associated duties and responsibilities of that member. The current annual basic compensation of the Managing Board members active as of December 31, 2022 is EUR 1,300 thousand for Daniel Grieder, EUR 750 thousand for Yves Müller, and EUR 750 thousand for Oliver Timm.

In addition to the basic compensation, members of the Managing Board also receive fringe benefits to a lesser extent which they tax individually in accordance with the applicable tax regulations to the extent, that a non-cash benefit arises for them from private use. The fringe benefits primarily include private use of the company car, contributions to health and nursing care insurance, the conclusion of, and contributions to, accident and D&O insurance (with deductible in accordance with Sec. 93(2) sentence 3 AktG), a minor clothing allowance for representative purposes, the reimbursement of reasonable tax consultancy costs, as well as, to a lesser extent, other equipment and benefits required for the performance of the duties of the Managing Board. In addition, for new members of the Managing Board, reasonable costs for accommodation in Metzingen, home and return flights, and relocation costs in the event of moving to Metzingen (or the surrounding area) will be reimbursed.
The pension commitments to the members of the Managing Board are defined contribution pension commitments. HUGO BOSS pays an annual pension contribution of 40% of the individual basic compensation into an employer’s pensions liability insurance policy for the members of the Managing Board. The amount of retirement benefit in this regard corresponds to the amount accumulated by means of the individual employer’s pension liability insurance. This results from the total annual pension contributions plus an annual interest rate depending on the respective insurance tariff. An entitlement to retirement benefits arises on or after reaching a fixed age of 65 or in the event that the Executive Board member becomes permanently unable to work due to illness or accident before reaching the age limit and leaves the Company. In the event of the death of the member of the Managing Board, their spouse or registered partner under the German Civil Partnership Act and their orphans are entitled to a survivor’s pension. If the member of the Managing Board leaves the Company before retirement, the entitlement to pension benefits is retained for a pensionable service period of more than three years. If the member of the Managing Board leaves the Company before reaching the fixed retirement age, the entitlement amount corresponds to the benefits from the non-contributory reinsurance policy at the time of departure. Ongoing pension payments are adjusted annually by at least 1%. The Supervisory Board received guidance from an independent compensation expert when designing the contribution-based pension scheme for the current members of the Managing Board.

In addition, HUGO BOSS offers the members of the Managing Board the option of acquiring additional pension benefits under deferred compensation agreements. This supplementary pension plan can take the form of retirement benefits or, alternatively, the form of occupational incapacity benefits and/or surviving dependents’ benefits and/or the form of a lump-sum death grant. The pension benefits take the form of monthly payments, while surviving dependents’ benefits can also be granted in the form of a lump-sum capital payment. The contributions from deferred compensation agreements are included in the statement of the non-performance-related compensation awarded and due for the respective fiscal year. Provisions and plan assets are recognized at the same amount.

Performance-related (variable) compensation components

The compensation system of the Managing Board comprises two performance-related components: short-term variable compensation (STI) and long-term variable compensation (LTI). Both are linked to the performance of the Company, aimed at providing incentives for the successful execution of the Group strategy and for the value-creating and long-term development of HUGO BOSS. The performance criteria and the key indicators used in fiscal year 2022 for the performance assessment in the context of variable compensation are consistent with the Group strategy, and derived from the strategic targets as well as operational performance indicators of HUGO BOSS. In addition, they correspond to the applicable compensation system.

Short-term incentive (STI) for 2022

General functioning
The STI is the short-term variable compensation component, with the term being one year. The amount of the STI is based on the development of financial performance criteria. In accordance with the Group’s management system, the Supervisory Board has defined the following three financial performance criteria as target components:

- Sales (the sales proceeds recognized in the consolidated financial statements using the exchange rates underlying the budget)
- EBIT (the Group’s net income before interest and taxes)
- Trade net working capital (TNWC; the total of raw and finished goods as well as trade receivables less trade payables) as a percentage of sales

EBIT contributes a weighting of 40% to the overall target achievement of the STI, while sales and TNWC each contribute 30% to the overall target achievement.

The STI payout is calculated on the basis of an individual target amount for each member of the Managing Board as defined in the respective service agreement and the overall target achievement, as follows:

<table>
<thead>
<tr>
<th>Individual target amount in EUR</th>
<th>×</th>
<th>Target achievement (0% – 150%)</th>
<th>=</th>
<th>Payout in cash (Cap: 150% of the target amount)</th>
</tr>
</thead>
<tbody>

<td></td>
<td>30%</td>
<td>Sales</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>30%</td>
<td>TNWC</td>
<td></td>
</tr>
</tbody>
</table>
The maximum payout from the STI is capped at a total of 150% of the target amount. There is no guaranteed minimum target achievement. Consequently, the payout can also be waived completely. The STI is payable within a week of the Supervisory Board approving the consolidated financial statements for the respective fiscal year.

Contribution to the long-term development of the Group
The STI is intended to ensure the continuous execution of the operational targets, the achievement of which is of material importance for the long-term success of the Group. In light of the “CLAIM 5” strategy, which aims at achieving significant top- and bottom-line improvements by 2025, sales and EBIT are key target figures of the STI. At the same time, the TNWC is the most important indicator for managing the efficient use of capital and is therefore taken as the third financial performance criterion in the STI.

Financial performance criteria
At the beginning of the fiscal year, the Supervisory Board decides on a target, a minimum target, and a maximum target for the three financial performance criteria of sales, EBIT, and TNWC. The target for the respective financial performance criterion is derived from the budget plan approved by the Supervisory Board. If the target is fully met, target achievement is 100%. If the minimum target is reached, target achievement is 75%. If the target value is below the minimum target, target achievement is 0%. If the target value is greater than or equal to the maximum target, target achievement is 150%. In this case, a further increase in the target value does not lead to a further increase in target achievement. Target achievement between the specified targets (75%; 100%; 150%) is interpolated on a linear basis.

For fiscal year 2022, the Supervisory Board has set the following target achievement corridors at the beginning of the fiscal year with regard to the respective financial targets:

### STI TARGET ACHIEVEMENT CORRIDORS FOR FISCAL YEAR 2022

In the event of 100% target achievement for the STI 2022, a total amount of EUR 2,763 thousand would be paid out for the Managing Board members active as of December 31, 2022 (Daniel Grieder EUR 1,500 thousand, Yves Müller EUR 613 thousand, and Oliver Timm EUR 650 thousand), whereas EUR 500 thousand would be paid out to the former member of the Managing Board Ingo Wilts. To settle the entitlement from the STI 2022, Dr. Heiko Schäfer was granted a payment of EUR 490 thousand based on a target compensation of EUR 500 thousand agreed in the separation agreement dated May 2022. The payment became due in September 2022.
With regard to the financial performance criteria relevant for fiscal year 2022, the Supervisory Board determined the following target achievement based on the performance corridors defined at the beginning of the fiscal year:

1 To settle the entitlement from the STI 2022, Dr. Heiko Schäfer was granted a payment of EUR 490 thousand based on a target compensation of EUR 500 thousand agreed in the separation agreement dated May 2022. The payment became due in September 2022.

### Outlook for the STI for fiscal year 2023

For the STI for fiscal year 2023, the three financial performance criteria described above, together with their respective weighting, remain unchanged. The specific targets for the three performance criteria will be disclosed and described in the compensation report for fiscal year 2023.
Long-term incentive (LTI) for 2022

General functioning
The LTI is the long-term variable compensation component. It is designed in the form of a performance share plan that takes into account both financial targets relevant to the Group strategy and non-financial ESG (environment, social, governance) targets. Consequently, the LTI is intended to ensure that the members of the Managing Board of HUGO BOSS pursue a sustainable business policy which is aligned to the interests of the Company. Accordingly, the Supervisory Board has determined the following four performance criteria as additively linked target figures for the LTI:

- Relative total shareholder return (RTSR) of the HUGO BOSS share
- Return on capital employed (ROCE)
- Employee satisfaction
- The Company’s performance in the field of sustainability

The targets for the RTSR and ROCE performance criteria each account for one third of the LTI, while the targets for employee satisfaction and sustainability each account for one sixth.

The LTI is granted in annual tranches. Each tranche has a three-year performance period, which corresponds to the Group’s medium-term planning horizon and which is followed by an additional qualifying period of one year, during which the performance of the share price continues to be taken into account. This results in a total term of four years.

The LTI provides that the members of the Managing Board receive a defined number ("initial grant") of virtual shares ("tranches") at the beginning of the plan or at the start of their activity. The initial grant is determined by the size of a target amount ("LTI budget") defined in the respective service agreement divided by the price of the HUGO BOSS share for the last three months prior to the date of granting the initial grant. After the end of the performance period, the final number of virtual shares ("final grant")
is calculated based on the achievement of certain targets. The final payout entitlement is calculated by multiplying the final grant by the Company’s share price during the last three months of the qualifying period and is paid out in cash.

The actual payout from the LTI is therefore calculated as follows:

**LTI TARGET ACHIEVEMENT SYSTEM**

The target achievement of the individual LTI target components is limited to a maximum of 200%, while the resulting LTI payout is capped at a total of 250% of the individual target amount.

**Contribution to the long-term development of the Group**

The long-term goal of HUGO BOSS is to sustainably increase the enterprise value. In this regard, the share price performance of HUGO BOSS is of particular importance. The RTSR therefore takes into account the relative shareholder return of HUGO BOSS compared to the relevant competitive environment. This is intended to provide an incentive to outperform competitors in the long term. The ROCE, another financial performance criterion, also sets incentives for increasing the profitability of HUGO BOSS and ensuring an efficient use of capital. The inclusion of two non-financial performance criteria in the LTI emphasizes social and environmental responsibility and the goal of sustainable business activities. As a result, the Managing Board compensation is closely aligned with the interests of shareholders and other stakeholders.

**Individual LTI budget for the LTI 2022–2025 issued in fiscal year 2022**

The following table shows the grants for the LTI 2022–2025 issued in fiscal year 2022. It includes the target amount, the number of provisionally granted virtual shares, the payout cap, and the fair value at grant date in accordance with “IFRS 2 Share-based Payment”.

To settle the entitlement from the LTI 2022–2025, Dr. Heiko Schäfer was granted a payment of EUR 158 thousand agreed in the separation agreement dated May 2022. The payment became due in September 2022. As agreed with Ingo Wilts in the separation agreement dated February 2022, his initial LTI budget for the LTI 2022–2025 in the amount of EUR 750 thousand was reduced to an amount of EUR 250 thousand.

Financial and non-financial performance criteria for the LTI 2022–2025 issued in fiscal year 2022

The **RTSR** is a benchmark for the sustainable increase in enterprise value. It measures the share price performance and notionally reinvested dividends of HUGO BOSS compared to a selected group of relevant competitors in the premium segment of the global apparel industry over the performance period. The composition of the peer group is shown in the following table:

### RELATIVE TOTAL SHAREHOLDER RETURN (RTSR) – PEER GROUP

<td></td>
</tr>
</tbody>
</table>

In line with the Company’s “CLAIM 5” strategy, the Supervisory Board is convinced that the comparison with relevant competitors in the premium segment of the global apparel industry best reflects the strategic positioning of the two brands BOSS and HUGO.

To determine the target achievement level of the **RTSR**, the TSR (share price performance and notionally reinvested dividends) of HUGO BOSS and the peer companies is determined for each year of the performance period. The TSR values of the individual companies are then ranked by size and assigned to percentile ranks. The average value of the percentile ranks of HUGO BOSS in the three years of the performance period determines the target achievement. If the 50th percentile (median) is achieved, i.e., HUGO BOSS is exactly in the middle of the ranking of the peer companies, target achievement corresponds to 100%. If the TSR of HUGO BOSS is in the 75th percentile or higher, i.e., HUGO BOSS is among the 25% best companies, target achievement is 200%. Higher percentile ranks do not lead to any further increase in target achievement. If the 25th percentile is achieved, target achievement corresponds to 50%. If the TSR of HUGO BOSS is below the 25th percentile, i.e., HUGO BOSS is among the bottom 25% of companies, target achievement is 0%. Target achievement between the specified targets (50%; 100%; 200%) is interpolated on a linear basis.

The **ROCE** represents the return on capital employed and is determined by dividing the EBIT by average capital invested. The degree of **employee satisfaction** is measured by the “Employee Trust Index” as part of an employee survey conducted annually by Great Place to Work. The **sustainability** performance is determined by the Company’s results in the annual Dow Jones Sustainability Index (DJSI) assessment in which the sustainability performance of listed companies is assessed by an independent index provider.

**Target achievement** for the performance criteria ROCE, employee satisfaction, and sustainability performance is measured for each fiscal year during the three-year performance period against the respective target value set before the start of the tranche and determined using of the above performance corridors.
The Supervisory Board sets a target, a minimum target, and a maximum target for ROCE, employee satisfaction, and sustainability in each case. If the target is fully met, the target achievement is 100%. An achievement of the minimum target corresponds to a target achievement of 50%. If the target value is below the minimum target, target achievement is 0%. If the target value is greater than or equal to the maximum target, target achievement is 200%. A further increase in the target value does not lead to a further increase in target achievement above 200%. Target achievement between the specified targets (50%, 100%, 200%) is interpolated on a linear basis.

Current members of the Managing Board Daniel Grieder and Oliver Timm as well as former member of the Managing Board Dr. Heiko Schäfer will not receive any payment from the LTI 2019–2022, as they have not been members of the Managing Board in fiscal year 2019.

Under the separation agreement of September 2019, former member of the Managing Board Bernd Hake was entitled to payments for the pro-rata earned tranches of the LTI 2018–2021, LTI 2019–2022, and LTI 2020–2023 totaling EUR 664 thousand, in accordance with the service agreement and the agreed severance payment cap, which became due on February 29, 2020.

Under the separation agreement dated April 2020, former Chairman of the Managing Board Mark Langer was entitled to a payment for the pro-rata earned tranches of the LTI 2019–2022 and LTI 2020–2023 totaling EUR 993 thousand, which was paid out in March 2022.

### Total number of virtual shares outstanding at the end of fiscal year 2022

The following overview outlines the total number of virtual shares (initial grant) held by current members of the Managing Board at the end of fiscal year 2022:

| TOTAL NUMBER OF VIRTUAL SHARES (INITIAL GRANT) AT THE END OF FISCAL YEAR 2022 (IN UNITS) |
|-----------------------------------------------|-----------------------------------------------|-----------------------------------------------|-----------------------------------------------|-----------------------------------------------|-----------------------------------------------|
| Daniel Grieder, Chairman of the Managing Board since June 1, 2021 | 44,627 | 57,004 | 0 | 0 | 101,631 |

| Total | 80,655 | 128,259 | 17,016 | 11,482 | 237,412 |
**Outlook on the financial and non-financial performance criteria of LTI 2023–2026**

The Supervisory Board is convinced that the four target components described above promote the sustainable and long-term development of the Company. For this reason, the four target components also apply to the LTI 2023–2026 to be issued in fiscal year 2023.

**Special compensation (sign-on, bonuses)**

The compensation system does not provide for the possibility of special compensation for extraordinary performance, which may be granted at the discretion of the Supervisory Board. However, under certain circumstances, it may be necessary to grant additional special compensation elements on a temporary basis. These involve one-off payments to new members of the Managing Board, for example to compensate for the loss of variable compensation from former employers, in order to attract the Managing Board member to HUGO BOSS (sign-on). In addition, the Supervisory Board is able to compensate a member of the Managing Board in the event they take on additional responsibility on an interim basis for these temporary increased duties (bonus). Any special compensation is limited in its amount, as it falls under the maximum compensation defined in section III in accordance with Sec. 87a (1) sentence 2 No. 1 AktG.

When concluding the respective service agreement in 2020, the Supervisory Board resolved to grant a one-off payment (sign-on) of EUR 500 thousand to Oliver Timm, who has been a member of the Managing Board since January 1, 2021. This serves to partially compensate for the loss of variable compensation components (restricted stock units) from his former employer. Partial amounts of EUR 300 thousand and EUR 100 thousand were paid out in fiscal year 2021 and fiscal year 2022, respectively. A further EUR 100 thousand was paid out at the beginning of fiscal year 2023.

**Malus and clawback regulations**

Under the current compensation system, the service agreements of the members of the HUGO BOSS Managing Board shall contain malus and clawback regulations that enable the Supervisory Board, under certain conditions, to reduce variable compensation components that have not yet been paid out (malus) or to reclaim variable compensation components that have already been paid out (clawback). The Supervisory Board is therefore able, at its reasonable discretion, to withhold or reclaim part or all of the variable compensation if the member of the Managing Board is in breach of a material obligation to exercise due diligence within the meaning of Sec. 93 AktG, a material obligation under the service agreement or of the essential rules and conduct principles laid down in the Company’s Code of Conduct (compliance malus and compliance clawback). The Supervisory Board is also entitled to claim back a variable compensation that has already been paid if it becomes apparent after the payment that the audited and approved consolidated financial statements on which the calculation of the amount of the payment was based were incorrect and therefore had to be corrected in accordance with the relevant accounting rules (performance clawback).

In fiscal year 2022, the Supervisory Board did not make use of the option to reduce or reclaim variable compensation components.
Share Ownership Guidelines

The Share Ownership Guidelines (SOG) are an essential part of the compensation system of the Managing Board. In order to further align the interests of the Managing Board and shareholders, the SOG are intended to oblige the members of the Managing Board to **buy and hold shares in HUGO BOSS AG**. The size of the share ownership obligation (SOG target) is measured based on the individual gross basic compensation of each member of the Managing Board. The Chairman of the Managing Board must invest two times and all other ordinary members of the Managing Board must invest one time their gross basic compensation and maintain these shares for the entire duration of their Managing Board activities.

The **required number of shares** must be held within five years, being built up on a linear basis and reviewed annually by the Group General Counsel at the end of each year. The annual minimum holding may be exceeded at any time. The rules and time limits of the Market Abuse Regulation must be observed when buying and selling the shares.

According to the compensation system, **the number of shares to be held** is determined based on the average closing price of the HUGO BOSS shares in Deutsche Börse's Xetra trading in the month prior to the appointment of the respective member of the Managing Board or prior to the respective last adjustment of the fixed basic compensation of the Managing Board member.

The members of the Managing Board are entitled to contribute any **existing pre-held shares**. The following table shows the **shares held** by the active members of the Managing Board as of December 31, 2022.

For Daniel Grieder and Oliver Timm, the SOG do not apply as of December 31, 2022, as their service contracts were concluded prior to the introduction of the current compensation system by resolution of the Annual Shareholders’ Meeting 2021. The SOG will be applied once the respective service contracts are extended or amended. For Yves Müller, however, the SOG apply following the extension of his service arrangement in April 2022. As of December 31, 2022, Yves Müller has already exceeded the requirements of the SOG, both in terms of the review due for the first time in March 2023 and in terms of the total period of five years.

The compensation of the members of the Managing Board is limited in two respects. Firstly, the performance-related components are subject to maximum limits, which amount to 150% of the target amount for the STI and 250% for the LTI. These limits were complied with in all cases with respect to the performance-related compensation awarded and due in fiscal year 2022, as shown in the following table:

| Total                         | 500 | n.a. | 490 | 1,211 | 2,528 | 1,223 |

Secondly, in accordance with Sec. 87a (1) sentence 2 No. 1 AktG, the Supervisory Board has determined a maximum compensation that limits the total amount actually payable for the compensation awarded for a particular fiscal year, consisting of basic compensation, fringe benefits, expenses for the pension commitment, any special compensation, and short-term variable and long-term variable compensation. This maximum compensation can only be reviewed retrospectively once payment has been made from the LTI tranche issued in the respective fiscal year.
The **maximum compensation valid** for fiscal year 2022 is EUR 11,000 thousand for the Chairman of the Managing Board and EUR 5,500 thousand for the ordinary members of the Managing Board. Compliance with the maximum compensation for fiscal year 2022 can only be reported in the compensation report for fiscal year 2025, since the final payout for the LTI 2022–2025 depends on the share price performance of HUGO BOSS in the fourth quarter of 2025.

**Compensation-related legal matters**

**Regulations for the termination of Managing Board activity**

In the event of premature termination of the service agreement (in the absence of due cause for terminating the service agreement by the Company), the respective member of the Managing Board is entitled to a **severance payment**, which is always limited to the amount of the total compensation, including fringe benefits, for a period of 24 months, but is not compensated more than the remaining term of the agreement (“severance payment cap”). In the current Managing Board agreements, the period for calculating the severance pay varies, but in no case exceeds 24 months. When agreements are extended, the severance pay scheme is also standardized for all members of the Managing Board. For these purposes, the total compensation is calculated on the basis of the total compensation received for the last full fiscal year and, where appropriate, on the basis of the predicted total compensation for the current fiscal year. In the event of termination of a Managing Board agreement, the payment of any outstanding variable compensation components is made in accordance with the originally agreed targets and comparison parameters and according to the due dates or holding periods specified in the agreement.

The service agreements do not provide for any severance payment in the event of premature termination of the service agreement for due cause for which the respective member of the Managing Board is responsible. In the event of regular termination, the service agreements do not include a severance payment scheme.

The service agreements do not provide an extraordinary right to termination in the event of a **change of control** (acquisition of more than 30% of the voting rights in HUGO BOSS AG). This also applies to new appointments or extension agreements. There are no other compensation agreements.

**Post-contractual non-compete clause**

A **post-contractual non-compete clause** has been agreed for the members of the Managing Board. For a period of 12 months after termination of the service agreement, members of the Managing Board are not entitled, directly or indirectly, to work for, or to form or invest in, any other company in the area of premium or luxury fashion and/or accessories. This post-contractual non-compete clause applies to the countries in which HUGO BOSS and the affiliated companies of HUGO BOSS within the meaning of Sec. 15 et seq. AktG are operating at the time of termination of the service agreement. HUGO BOSS is obliged to pay the member of the Managing Board a monthly amount of one twenty-fourth (of the annual target compensation (basic compensation as well as STI and LTI with a respective target achievement of 100% each) for the duration of this post-contractual non-compete clause.

For new appointments or extension agreements, the regulations are standardized and an agreement is reached for any severance payments to be credited to the payment for the post-contractual non-compete clause.

### Target compensation and actual compensation of the current members of the Managing Board for fiscal year 2022

The following table shows the respective target compensation of the members of the Managing Board active as of December 31, 2022 for fiscal year 2022. This includes the target compensation agreed for the fiscal year in the event of a target achievement of 100%, supplemented by details of the minimum and maximum compensation achievable on an individual basis. In addition, the allocation for the fiscal year are stated as actual compensation according to the GCGC. This actual compensation comprises the fixed compensation paid out in the fiscal year, the fringe benefits accrued in the fiscal year, the pension allowance due for the fiscal year, the payout due in March 2023 from the STI 2022, and the payout due in March 2023 from the LTI 2019–2022. The ongoing pension commitments also include the service costs incurred for the fiscal year in accordance with IFRS.

Compensation of the members of the Supervisory Board in fiscal year 2022

Principles of the compensation system for the Supervisory Board

The compensation of the members of the Supervisory Board as determined by the Annual Shareholders’ Meeting is governed by Art. 12 of the Articles of Association of HUGO BOSS AG and provides both the abstract and the specific framework for the compensation of the members of the Supervisory Board. This ensures that the compensation of the members of the Supervisory Board always complies with the compensation system adopted by the Annual Shareholders’ Meeting on May 27, 2020 and adjusted with effect from July 30, 2020.

The compensation of the members of the Supervisory Board comprises only fixed components. The compensation consists of two components: a fixed compensation, depending on the position of the respective Supervisory Board member, and additional compensation for the respective committee activities. The compensation regulation thus also takes into account the requirements of the GCGC.

Structure and application of the compensation system of the Supervisory Board in fiscal year 2022

Each ordinary member of the Supervisory Board receives a fixed annual compensation of EUR 80 thousand (base amount). The Chairman receives 2.5 times (EUR 200 thousand) and the Deputy Chairman receives 1.75 times (EUR 140 thousand) this base amount.

In addition, members of the Working Committee, the Audit Committee, and the Personnel Committee will be paid an additional EUR 30 thousand each, and the Chairman of any of these committees will receive an additional EUR 60 thousand each. Members of the Nomination Committee receive an additional EUR 20 thousand. No compensation is paid for the Chairman and members of the Mediation Committee. Additional compensation will only be paid for the three highest remunerated positions on committees. This regulation leads to the setting of an individual maximum compensation for each member of the Supervisory Board in accordance with the positions held by the respective member in the committees.
No further compensation is granted beyond the compensation described above. Consequently, the current system does not foresee variable compensation components or attendance fees.

The compensation is paid out after the end of the Annual Shareholders’ Meeting that decides on the approval of the Supervisory Board for the respective past fiscal year. Members of the Supervisory Board who have only been members of the Supervisory Board or a committee for part of the fiscal year receive pro rata compensation for each month of service or part thereof. Members of the Supervisory Board are reimbursed expenses incurred in connection with the performance of their duties. Any value-added tax (VAT) is reimbursed by the Company if the members of the Supervisory Board are entitled to invoice the Company separately for the VAT and exercise this right.

In fiscal year 2022, the compensation system for the Supervisory Board was applied in full as set out in Art. 12 of the Company’s Articles of Association. In fiscal year 2022, the members of the Supervisory Board did not receive any further compensation or benefits for services provided individually, in particular consulting and mediation services. Furthermore, no loans or advances were granted to the members of the Supervisory Board, nor were there any contingent liabilities in their favor.

Individualized disclosure of the compensation of the Supervisory Board

The following table shows the fixed and variable compensation components which were awarded and due to current and former members of the Supervisory Board in the past fiscal year, including the respective relative share in accordance with Sec. 162 AktG. In accordance with Art. 12 of the Company’s Articles of Association, the total amount of the compensation of the Supervisory Board is due after the end of the Annual Shareholders’ Meeting that decides on the approval of the Supervisory Board for the respective past fiscal year. The disclosure for fiscal year 2022 relates to the fixed compensation awarded for the Supervisory Board’s activities in fiscal year 2022 (payout in fiscal year 2023) and the compensation awarded for committee membership in fiscal year 2022 (payout in fiscal year 2023).

No compensation was awarded and due to the former members of the Supervisory Board Kirsten Kistermann-Christophe, Fridolin Klumpp, Michel Perraudin, and Axel Salzmann, who all left the Supervisory Board on May 27, 2020, either in fiscal year 2022 or in fiscal year 2021.

The employee representatives, who are members of a trade union, have declared they will pass their compensation to the Hans Böckler Foundation in accordance with the guidelines of the German Trade Union Confederation.

Comparative presentation of compensation and earnings development

The following comparative presentation shows the annual change in the compensation awarded and due to current and former members of the Managing Board and Supervisory Board, the Company’s earnings development (in terms of sales, EBIT, the Group’s net income, and net income of HUGO BOSS AG), and the compensation of employees on a full-time equivalent basis, the latter being based on the average wages and salaries of HUGO BOSS employees throughout the Group in the respective fiscal year.

1. In accordance with Sec. 26J (2) sentence 2 EGAktG (“Einführungsgesetz zum Aktiengesetz”: German Introductory Act to the Stock Corporation Act), a comparison of the average employee compensation on a full-time equivalent basis over the last five fiscal years in pursuant to Sec. 162(1) sentence 2 No. 2 AktG is not yet to be included in the compensation report.
2. In absolute terms, this reflects an increase in the Group-wide average compensation of employees on a full-time equivalent basis from EUR 46 thousand in fiscal year 2021 to EUR 52 thousand in fiscal year 2022. The increase largely reflects salary increases against the backdrop of the high level of global inflation, measures implemented in fiscal year 2021 in connection with COVID-19 to reduce working hours and personnel costs, as well as currency effects.
3. The increase in employee compensation in fiscal year 2021 also reflects the measures implemented in fiscal year 2020 in connection with COVID-19 to reduce working hours and personnel costs.

CEO Investment Opportunity

Prior to Daniel Grieder assuming his duties, a so-called CEO Investment Opportunity was agreed between Daniel Grieder and the Marzotto family, the aim of which is to provide an incentive for a substantial and sustainable increase in the share price of HUGO BOSS. Classified as compensation by a third party, the CEO Investment Opportunity is explicitly not part of the compensation system in accordance with Sec. 87a AktG. Therefore, it is not to be included in the maximum compensation.

The Supervisory Board discussed the CEO Investment Opportunity agreement at a plenary meeting and noted it with approval. In the opinion of the Supervisory Board, there are no conflicts of interest arising from the CEO Investment Opportunity, as it is directly tied to the long-term share price performance of HUGO BOSS. Ultimately, all shareholders in HUGO BOSS benefit from a sustainable increase in the share price.

The CEO Investment Opportunity was implemented by setting up an investment vehicle titled ZPG HOLDING S.àr.l. (“ZPG”). ZPG bought 625,000 HUGO BOSS shares in mid-2021 for an average share price of EUR 46.40 and will hold these shares until the occurrence of a so-called liquidity event. In this context, Daniel Grieder invested a total amount of EUR 1.5 million in ordinary shares in ZPG, with the rest of the investment provided by PFC S.r.l. and Zignago Holding S.P.A., each controlled by the Marzotto family, and a third-party bank financing. PFC S.r.l. and Zignago Holding S.P.A. hold the remainder of ordinary shares and certain preference shares, with limited economic rights ranking senior to the ordinary shares.

Liquidity events are the exercise of a call option by ZPG, the exercise of a put option by Daniel Grieder, or ZPG selling the HUGO BOSS shares to a third party.

The call option may be exercised by ZPG either in the event that Daniel Grieder leaves HUGO BOSS or in a period of 120 days following the ordinary expiration of his employment contract with HUGO BOSS. If the call option is exercised based on a reason for which Daniel Grieder is responsible (e.g., termination by Daniel Grieder not based on good cause), he will receive the lower of either the fair market value of his ZPG shares or the amount of his initial investment. If the call option is exercised without Daniel Grieder having given cause for it (e.g., termination by HUGO BOSS not based on good cause), he will receive the fair market value of his ZPG shares.

The put option may be exercised by Daniel Grieder once the average HUGO BOSS share price during a period of 120 days exceeds specific thresholds. The minimum share price required for exercising the put option is EUR 75.10, representing an increase of 62% compared to the average purchase price of HUGO BOSS shares (EUR 46.40). The consideration both in the event of exercising the put option or in case ZPG sells its HUGO BOSS shares to a third party, is the fair market value of the ZPG shares held by Daniel Grieder.
The **fair market value** of the ZPG shares held by Daniel Grieder is linked to the difference between the average purchase price of HUGO BOSS shares (EUR 46.40) and the average share price of HUGO BOSS shares during the 120 days prior to the liquidity event. If the average share price of HUGO BOSS during the 120 days prior to the liquidity event ranges between EUR 46.40 and EUR 75.00, Daniel Grieder will receive back the contributed amount of EUR 1.5 million. If the average share price during the 120 days prior to the liquidity event is less than EUR 46.40, the amount will be correspondingly lower depending on the average share price. By contrast, if the average share price during the 120 days prior to the liquidity event is EUR 75.10 or higher, the fair market value of the ZPG shares held by Daniel Grieder increases depending on the share price performance of HUGO BOSS. For example, an average share price of EUR 75.10 would result in a fair market value of EUR 7.1 million, an average share price of EUR 100.00 in a fair market value of EUR 14.8 million, and an average share price of EUR 126.00 in a fair market value of EUR 23.6 million.
